PRACTICAL SUPPORT

Once the purchase price has been raised, work will need to be carried out to make the premises fit for purpose. Some tradesmen will need to be employed for their expertise and health and safety compliance, but it will be necessary for us to draw on the practical skills of the community to minimise costs where possible.

Might you be prepared to offer support at this stage in one of the following ways?

painting and decorating

carpentry

plumbing

VOLUNTEERING

As decisions are made about the services which will be on offer in the Hub, a team of volunteers will be needed to provide staffing on a regular basis. Is this something which you might be interested in providing?

Yes
